1. A Soviet naval base will be established at Stalin in the near future.¹
 The naval units to be stationed there will be transferred from their present base in the Crimea.
2. Stalin will be declared a military area to which non-residents will not have access. With regard to the entry of non-residents, Stalin will thus have the same status as Obzor (N 42-50, E 27-53), Nesebŭr, and other towns located between Stalin and Burgas.
3. Recently a non-resident wishing to make a motorboat ride in the neighborhood of Stalin port was not allowed to do so. Preparations are under way for the transfer from Stalin to Burgas of recreation and bathing facilities for non-residents.
